# A Letter from the President

May 5, 2015

**Martin Bohner**

**ISDE President**

## Board Elections

Our society is electing the new ISDE Board of Directors. The new Board will begin its duties on August 1, 2015 and continue for two years. The polls have opened this morning (May 5, 2015) and will close after 7 days on May 12, 2015. I would like to thank all three members of the Election Committee overseeing the elections, **Lynn Erbe** (Lincoln, Nebraska, USA), **Yoshihiro Hamaya** (Okayama, Japan), and **Hassan Sedaghat** (Richmond, Virginia, USA). Please take some time now to go to <http://web.mst.edu/~isdeds/ballot.html>. There are three ways to cast your vote (please pick only one of these three ways): 1. Select up to nine candidates on the form, at the bottom fill your name and e-mail address and click "Submit". Three copies of your vote will be sent to the Election Committee. 2. Print the ballot, select up to nine candidates, at the bottom fill your name and e-mail address, scan, and e-mail to all three Election Committee members. 3. Send your vote as an e-mail message (containing up to nine

candidates, your name, and your e-mail address) to all three Election Committee members. The e-mail addresses of the Election Committee members are [Terbe@unl.edu](mailto:Terbe@unl.edu), [hamaya@mis.ous.ac.jp](mailto:hamaya@mis.ous.ac.jp), and [hshedagha@vcu.edu](mailto:hshedagha@vcu.edu). This year, I have asked all society members to nominate one candidate each, and I have given to the Board a list of all candidates who have received more than just one nomination. The Board has approved the following outstanding slate of 20 nominees for the nine positions on the new Board of Directors: **Ravi Agarwal** (Kingsville, Texas, USA), **Martin Bohner** (Rolla, Missouri, USA), **Jim Cushing** (Tucson, Arizona, USA), **Ondřej Došlý** (Brno, Czech Republic), **Saber Elaydi** (San Antonio, Texas, USA), **Małgorzata Guzowska** (Szczecin, Poland), **István Győri** (Veszprém, Hungary), **Stefan Hilger** (Eichstätt, Germany), **Tongxing Li** (Linyi, Shandong, China), **Eduardo Liz** (Vigo, Spain), **Angelo Mingarelli** (Ottawa, Ontario, Canada), **Piotr Oprocha** (Kraków, Poland), **Allan Peterson**

(Lincoln, Nebraska, USA), **Christian Pötzsche** (Klagenfurt, Austria), **Alexandra Rodkina** (Kingston, Jamaica), **Robert Sacker** (Los Angeles, California, USA), **Yuming Shi** (Jinan, Shandong, China), **Stefan Siegmund** (Dresden, Germany), **Hal Smith** (Tempe, Arizona, USA), and **Ağacık Zafer** (Ankara, Turkey). These 20 candidates are from 11 different countries, another document of the fact that ISDE is a truly international and global society. You can see the pictures of the candidates on the left of this page and also on the ballot. By clicking on a candidate's name on the ballot, you will be taken to the homepage of the candidate (in a separate window) so that you may be able to obtain further information on that candidate through that link. Whichever of the three methods you choose, please be sure to never pick more than nine candidates as otherwise your vote will become invalid. The Election Committee, chaired by Lynn Erbe, will report the results of the elections to me, and then I will inform the society.

# A Letter from the President

## 2015 Bernd Aulbach Prize

2011 and **Michał Misiurewicz** (Indianapolis, Indiana, USA) in 2013.

It is my pleasure and honor to announce to the society the third recipient of this prize, the winner of the 2015 Bernd Aulbach Prize, the most prestigious prize given by our society: Professor **Jean Mawhin** (Université Catholique de Louvain, Louvain-la-Neuve, Belgium). Jean Mawhin was born and raised in Belgium. He studied at the University of Liège, where he received his master degree (Licencié en sciences mathématiques) in 1964 and his PhD in 1969. From 1970 until 2008, he served as a professor of mathematics at the Catholic University of Louvain, Belgium. Jean Mawhin's mathematical life is centered around the areas of differential and difference equations, continuous and discrete dynamical systems with a continuing reference to topological and functional analytic methods, applications of fixed point principles, degree and critical point theory. The interaction of continuous and discrete phenomena plays a constant rôle in

his mathematical oeuvre. Jean Mawhin is the author of about 400 papers and 10 books. He is also active in the history of mathematics and deals with the work of Henri Poincaré and Jean Leray. The official award ceremony will be held during this year's ICDEA conference in Białystok (Poland), July 19–25, 2015. As part of the prize ceremony, Professor Mawhin will deliver an invited lecture at ICDEA 2015.

I also take this opportunity to thank the five distinguished members of the Bernd Aulbach Prize Selection Committee, **Stefan Hilger** (Eichstätt, Germany), **Zuzana Došlá** (Brno, Czech Republic), **Saber Elaydi** (San Antonio, Texas, USA), **George Sell** (Minneapolis, Minnesota, USA), and **Alexander Sharkovsky** (Kyiv, Ukraine), for their hard work in evaluating this year's most outstanding group of nominees. I also would like to thank the chair of the committee, Stefan Hilger, for providing the society with a draft of the laudation that I also will read during the award ceremony in Białystok.

Five years ago, ISDE established the Bernd Aulbach Prize in order to honor the founding member and first President of the society, the late **Bernd Aulbach**, who passed away on January 14, 2005, now ten years ago. The prize is awarded every two years by the International Society of Difference Equations, for significant contributions to the areas of difference equations and/or discrete dynamical systems. The first two recipients of this prize were **Alexander Sharkovsky** (Kyiv, Ukraine) in

# A Letter from the President

## 2014 Best JDEA Paper Award

Another prize given annually by ISDE is the Best JDEA Paper Award. JDEA, the Journal of Difference Equations and Applications, is the official journal of the society. The winners of this year's Best JDEA Paper Award are **Anna Cima** (Autonomous University of Barcelona, Barcelona, Spain), **Armengol Gasull** (Autonomous University of Barcelona, Barcelona, Spain), and **Victor Mañosa** (Polytechnical University of Catalonia, Barcelona, Spain), authors of the paper "Basin of Attraction of Triangular Maps with Applications", Journal of Difference Equations and Applica-

tions, volume 20, number 3, pages 423–437, 2014. Congratulations!

Professor Gasull is a longtime member of our society; he joined in 2001 when ISDE was founded. He will also be a plenary speaker at PODE 2015.

Professor Gasull is a longtime member of our society; he joined in 2001 when ISDE was founded. He will also be a plenary speaker at PODE 2015.

## 2015 ISDE Conferences

If you have not registered for PODE 2015 yet, there are still ten days to do so. The deadline for registration is May 15, and the deadline for submitting an abstract is May 31. PODE 2015, the ninth edition of Progress on Difference Equations, will be held June 15–18, 2015, at the Universidade da Beira Interior in Covilhã, Portugal. The Chair of the Organizing

Committee is **Rui Ferreira**. The conference website is [pode2015.ubi.pt](http://pode2015.ubi.pt).

The deadline for early registration for ICDEA 2015 is coming up as well, May 19. The final deadline for registration and abstract submission is June 19. ICDEA 2015, the twenty-first International Conference on Difference Equations and Applications, will be held

July 19–25, 2015, at Białystok University of Technology in Białystok, Poland. The Chair of the Organizing Committee is **Agnieszka Malinowska**. The conference website is [icdea.wi.pb.edu.pl](http://icdea.wi.pb.edu.pl).

More information on both conferences appear later in this Newsletter. I am looking forward to seeing many of you in Covilhã and Białystok!

# A Letter from the President

## Professor Gusein Guseinov (1951–2015)

With heavy heart and great grief, I am reporting to the society the death of my coauthor and dear friend, Professor **Gusein Guseinov** (Atilim University, Ankara, Turkey) on March 20, 2015, from a heart attack. A member of ISDE since 2005, Professor Guseinov is survived by his wife and his two sons Adil and Aydin Huseynov. Both Adil and Aydin are mathematicians working in the areas of difference equations and dynamic equations on time scales; Aydin is also a member of ISDE.

Gusein Guseinov was born in Azerbaijan on July

17, 1951. From 1968 until 1973, he studied in the Department of Mathematics at Azerbaijan State University in Baku, Azerbaijan, and from 1973 until 1977, he studied in the Department of Mathematics at Moscow State University in Moscow, Russia, where he received his PhD in 1977. He was a senior researcher at the Azerbaijan Academy of Sciences 1977–1980 and at Moscow State University 1980–1982. From 1982 until 1992, Professor Guseinov was the Head of the Department “Spectral Theory of Operators” at the

Azerbaijan Academy of Sciences. In 1991, he was named Doctor of Physical and Mathematical Sciences, and in 1993, he relocated to Turkey to become a Professor at Ege University in Izmir, where he remained until his move to Atilim University in Ankara in 2001. Professor Guseinov has authored more than 100 research papers in the areas of difference and functional equations, ordinary differential equations, dynamical systems, spectral analysis, and dynamic equations on time scales. He was a great researcher, teacher, and person. He will be missed forever.

I take this opportunity to bring to the attention of the society a page dedicated to the memory of former ISDE members. You may access it by clicking on “Members” on the society web page, then clicking on the last line on the following screen. The password is as well “*isdemembers*”.

Yours Sincerely,

*Newsletter Editor: Małgorzata Guzowska*

## INTRODUCTION FROM THE NEWSLETTER EDITOR

---

Dear Colleagues:

It is my great pleasure to present to you the new issue of the ISDE Newsletter. I hope you will enjoy reading this new issue.

Also thanks to all ISDE members who have sent information for this newsletter.

I would also like to ask the members of the Society to contribute information and articles about their faculties, new books, new conferences, new grants and job opportunities to the newsletter and webpage, as well as any relevant information about mathematics or about our members.

All information may be emailed to:  
[MalgosiaGuzowska@gmail.com](mailto:MalgosiaGuzowska@gmail.com)

With Best Regards

A handwritten signature in blue ink that reads "M. Guzowska". The signature is written in a cursive style.

Małgorzata Guzowska

# ICDEA 2015

19 -25 July 2015  
Białystok

The twenty first **International Conference on Difference Equations and Applications** will be held in the Białystok University of Technology (Białystok, Poland) from July 19 to 25, 2015. The conference is organized by the Białystok Branch of the Polish Mathematical Society, under the auspices of the International Society of Difference Equations (ISDE).

The purpose of the conference is to bring together experts and novices in the theory and applications of difference equations, broadly defined, and discrete dynamical systems. The plenary speakers are experts chosen from the many areas of difference equations and experts on dynamical systems. Contributed talks are welcome and will be considered. During the conference, there will be organized a special session for PhD students.

## INVITED SPEAKERS

**Jacek Banasiak** (Technical University of Łódź, Poland, and University of KwaZulu Natal, South Africa)

**Martin Bohner** (Missouri University of Science and Technology, USA)

**István Györi** (University of Pannonia, Hungary)

**Tibor Krisztin (Bolyai Institute, University of Szeged, Hungary)**

**Jaume Llibre** (Universitat Autònoma de Barcelona, Spain)

**Michał Misiurewicz** (Indiana University-Purdue University Indianapolis, USA)

**Mihály Pituk** (University of Pannonia, Hungary)

**Ryszard Rudnicki** (University of Silesia and Institute of Mathematics Polish Academy of Sciences, Poland)

**Stefan Siegmund** (Technische Universität Dresden, Germany)

**Ľubomír Snoha** (Matej Bel University, Slovakia)

### Scientific Committee:

Zbigniew Bartosiewicz (Chair)  
Zuzana Došlá, Czech Republic  
Ülle Kotta, Estonia  
Agnieszka B. Malinowska, Poland  
Małgorzata Migda, Poland  
Michał Misiurewicz, USA  
Mihály Pituk, Hungary  
Christian Pötzsche, Austria  
Ewa Schmeidel, Poland

### Organizing Committee:

Agnieszka B. Malinowska (Chair)  
Zbigniew Bartosiewicz  
Ewa Girejko  
Alina Gleska  
Małgorzata Guzowska  
Klara Janglajew  
Małgorzata Migda  
Dorota Mozyrska  
Ewa Pawłuszewicz  
Ewa Schmeidel

## PODE 2015 in Covilhã, Portugal, 15-18 June 2015

---

The Department of Mathematics of University of Beira Interior is pleased to host the 2015 Progress on Difference Equations from June 15 to June 18, 2015.

This meeting, held under the auspices of the International Society for Difference Equations, aims to be a forum where researchers can share their work and discuss the latest developments in the areas of difference equations, discrete dynamical systems and their applications. This meeting is the ninth edition of PODE meetings and continues in the line of previous workshops held in Laufen (Germany) in 2007 and 2008, Bedlewo (Poland) in 2009, Xanthi (Greece) in 2010, Dublin (Ireland) in 2011, Richmond (USA) in 2012, Bialystok (Poland) in 2013, and Izmir (Turkey) in 2014.

University of Beira Interior (UBI) was founded in 1979 and awards all university academic degrees in several fields. It is located in the city Covilhã, one of the main urban centres of the Beira Interior region, in central Portugal.

Covilhã leans on the slope of Serra da Estrela, the highest mountain range in Continental Portugal, and towers between 450 and 800 metres above the sea level. The region is famous for the soft and gooey cheese that becomes harder as the time goes by. The region has also an interesting gastronomy and wine production.

### PLENARY SPEAKERS

---

**Martin Bohner**, Missouri University of Science and Technology

**Saber Elaydi**, Trinity University

**Galina Filipuk**, Warsaw University

**Armengol Gasull**, Universitat Autònoma de Barcelona

**Alberto Pinto**, University of Porto

**Christian Pötzsche**, University of Klagenfurt

#### Scientific Committee:

Martin Bohner (Missouri University of Science and Technology) - Chair  
Mário Bessa (Universidade da Beira Interior)  
Zuzana Dosla (Masaryk University)  
Saber Elaydi (Trinity University)  
Stefan Hilger (Katholische Universität Eichstätt-Ingolstadt)  
Donal O'Regan (National University of Ireland)  
César Silva (Universidade da Beira Interior)  
Chris Tisdell (University of New South Wales)

#### Organizing Committee:

Rui Ferreira (Universidade de Lisboa) - Chair  
António Bento (Universidade da Beira Interior)  
Gastão Bettencourt (Universidade da Beira Interior)  
Pedro Patrício (Universidade da Beira Interior)  
César Silva (Universidade da Beira Interior)  
Sandra Vaz (Universidade da Beira Interior)  
Hélder Vilarinho (Universidade da Beira Interior)

## GOALS OF THE SOCIETY

---

*To promote difference equations and discrete dynamical systems, defined broadly, as one of the fundamental subjects in Mathematics.*

*To promote discrete models as models of premiere mathematical importance in the natural sciences, engineering, economics, etc.*

*To coordinate activities in the area of difference equations such as organizing conferences, annual meetings, workshops, special sessions, etc.*

*To lend support to researchers in difference equations from developing countries and those who need help by making available copies of research articles, lecture notes, technical reports and books.*

*To promote the publication of books, monographs, lecture notes and expository articles in the area of difference equations.*

**We are on the web**  
<http://isdeds.org/>
